► Papua New Guinea

Tawali Resort

Tucked away, only accessible by boat, sits what may be Papua New Guinea's best kept scuba diving secret - Tawali Resort. Welcome to the exotic culture of Papua New Guinea (PNG) and to Tawali Resort. Located on a volcanic bluff overlooking the clear protected waters of Milne Bay, Tawali offers travelers a unique location to dive, relax and enjoy the unspoiled wonders of this magnificent part of the world.

The diving from Tawali resort is both amazing and convenient with the best diving of Milne Bay just minutes away including wonderful walls with an abundance of soft corals, large sea fans, anemones with clown fish and large pelagic, such as hammerheads and whale sharks.

So many times we read and hear that certain place is "The Best Dive Destination in the World". Yet there can only be one true best. And indeed Papua New Guinea is one of the best dive Heavens of the world. It is home to some of the world's spectacular diving dubbed as the 'underwater photographer's paradise' with many international award-winning photos being taken in PNG waters. Located in the Indo-Pacific Area, experts say that it has up to twice as many marine species as the waters of the Red Sea and up to five times as many as the Caribbean. Divers enjoy a huge diversity of dive sites including barrier reefs, coral walls (drop off), and coral gardens, patch reefs, fringing reefs, sea grass beds, coral atolls, and wreck dive sites. The wreck sites provide a collection of ships, aircraft and submarine wrecks from World War 2.
